relaxation

The ultimate defense to stress: a gentle pressure massage with the benefits of therapeutic botanicals and steamed towels.

prenatal

During this pampering experience, expectant mothers will feel nurtured with a full-body massage, relieving the common discomforts associated with pregnancy. Appropriate for all stages.

60 min / \$172 | 100 min / \$264

deep tissue

This targeted massage addresses tight muscle groups for physical and mental stress reduction. A highly concentrated blend of lavender, rosemary, and menthol essential oils reduces inflammation and promotes circulation.

hot stone

Heated basalt stones gently restore stagnant energy and relieve tight muscles throughout the body. A skillful combination of hands and stones takes this experience to the next level.

CBD

Take your massage to the next level. This massage includes a water-soluble CBD trifacta featuring a massage oil, body butter, and targeted pain cream that will provide relief from aches and pains and calm the nervous system.

cupping

Cupping is an ancient Chinese therapy based on the belief that certain health problems can be caused by stagnant blood and a poor energy flow through your body. Cupping practitioners apply cups—typically glass or silicone—to your skin creating a suction pressure. Increasing blood flow can relieve muscle tension, improve circulation, and reduce inflammation. *Cupping may cause bruising.*

Himalayan salt stone

Known for its mineral content, Himalayan Crystal Salt offers a uniquely restorative experience when used on the body. Our therapists use heated salt stones in this full-body ritual that soothes sore muscles and calms the nervous system, while gently exfoliating the skin.
